September, 2011

This Amendment to the Joint Equipment Ownership and Usage Agreement, executed by the parties in January and February, 2010 is hereby undertaken.

Whereas: OPCUG and WACUG jointly purchased a Logitech HD Pro Webcam, Model C910 in April, 2011 to facilitate webinars and video teleconferences for their meetings for \$104.99.

Whereas: NCTCUG also wishes to use this Webcam, and seeks its addition to the jointly owned equipment covered by the referenced 2010 agreement between the parties.

Whereas: NCTCUG hereby agrees to reimburse OPCUG and WACUG \$17.50 each for an equal share of the ownership of said Webcam, to be used as noted in the referenced agreement. NCTCUG hereby advises the parties that, in addition to its 1st and 4th Wednesday meetings, it plans to use the Webcam in conjunction with its Board of Directors' meetings, generally scheduled for the 3rd Monday evening of the month, and its Webinar SIG, generally held on on the 2nd Wednesday evening of the month.

Therefore: On execution of this amendment by all the parties, NCTCUG will provide a reimbursement check to OPCUG and WACUG in the amount noted above for its ownership share of the Webcam. On execution, said Webcam is added to the equipment list covered by the referenced agreement. All other terms and conditions of the referenced agreement remain in force, with the addition of this amendment.
