Just wanted to share with you and your members that my preferred cloud backup provider, **Idrive**:

- Is having another sale.
- Always has some sale prices (who knew)
- Offers educational discounts
- Recently received a great review from macnn (MacNews Network)

The current sale is 75% off regular prices, first year only for new subscribers only.  
\$14.88 /first year vs \$59.50 regular price.  
Click on [75% off Idrive](#) for more info.  
Sale subject to change at any time.

The regular sale is 50% off regular price, first year only, new subscribers only.  
Click on any of the [competitors](#) comparison for more info.

Idrive offers an educational discount.  
50% off Idrive to qualified students, teachers, alumni that have a .edu email address.  
Other educational domains also qualify.
